In case it's helpful, the following tips might be good to include along with meeting details:

- Take a deep breath! For those new to Zoom, there may be a little bit of a learning curve and technology can be stressful sometimes. Just like our face-to-face church services, we'll do our best to help one another and figure it out together.
 - Consider having a practice Zoom meeting with a friend or family member who is familiar with the service— it's a great way to keep in touch right now!
- If you don't already have the Zoom app on your device, clicking the meeting link will usually automatically prompt you to download it. If it doesn't, you can download it from the Apple App Store / Google Play Store or by going to <https://zoom.us>
- Please feel free to share the Zoom details with people you know who might want to join our service, **but please do not share the password widely and publicly**. Anyone who has the password could potentially join and disrupt the service.
- When you join, you will first be admitted to a 'waiting room' and the meeting host will grant you access. Feel free to join a few minutes before 10:30AM to get situated.
- Please check that your display name accurately describes who you are. This will help us know that you belong in the service. If you click 'Participants' and your current name, you should find a 'rename' option. (Example: "Pastor Laura" instead of "Laura's iPad" / "Chad Frost" instead of "iPhone")
- Be mindful of the 'mute / unmute' and 'start video / stop video' buttons.
 - We ask that you stay muted during the service until asked to speak by one of the hosts.
 - If you click 'start video', all participants will be able to see your camera view until you click 'stop video'.
- If you aren't able to join for any reason, our plan is to post a recorded version of the service later. Details will be sent out by email once it's posted.
- Another deep breath! We are looking forward to trying out this more interactive format with you all!
